A ROUND OF TALK.

A Color Scheme.

He held in his hand her answer—
Would he lose the rich prize or win?
His loved, you see, was an heiress,
And our hero was nearly all in.

A delicate pink suffused him,
A sort of lavender hope,
And he pictured a new future,
As he opened the envelope.

One glance at the words she had written
And his face grew an ashen gray.
A name with a dish of iron
And crossed with a brimley bay.

He purple with deep vexation—
A sort of a hoarse murmur—
Then read on fast to his finish,
Where she punctured his little balloon.

"I know that your blood is blue,
dear,
And your character white as snow,
But the long green talks to this lady.

And you haven't a copper, you know.
His frown of an ink black
Grave withal to a mortified eye,
That changed to a deep mæstia.

As he pondered what she had said—
As he rose from a deep brown study
His grief he could not contain.
His golden dream had vanished
And he gave a yell of pain.

DOG LAW.—It is said that a determined effort will be made at the next session of the Kentucky Legislature to pass a dog law. The promoters of the measure have put up a good plan to have it introduced. On account of the belief that the dog law bill is a sure hoo-doo to the unfortunate member who fathers such a measure, it is proposed to keep the name of the author of the bill secret. It is the only way that the measure can ever be put before the General Assembly, for it is a well established fact that the member who introduces such an act is sure to be defeated when he stands for reelection from his district. This law, which is being prepared, will provide a tax of \$1 a dog, to be collected by the Sheriff, and the fund to be set apart to pay for any damage which may be done to sheep by dogs. The law is similar to such laws in other States, and the fund is thought to be enough to reimburse sheep owners for the killing of sheep by dogs. The sentiment in favor of a dog law is said to be strong, and there will be much pressure brought to bear to have the law passed, although it is certain to meet with opposition from some of the country members.

CONFUSION.—State Revenue Lucas has created quite a stir among the tax payers of the county last week in his efforts to ferret out holders of notes and other property and securities on which the state did not receive taxes. This is a new thing on the people of this county and has caused no end of confusion and kicking. If you have ever owned a land note or mortgage even for a very short period of time the chances are you received a notice to call on Mr. Lucas and settle taxes on such notes for a certain number of years. In the majority of cases the tax payer was able to explain what had become of the note and the reason why it could not be held for taxes. But it was a nuisance and caused no end of annoyance to the citizens. Farmers living fifteen and twenty miles from town were summoned to appear before this agent to explain why he did not pay a tax which he did not owe. The system governing the duties of the State revenue agent is woefully deficient. In fact the agent does not appear to work with any system. He comes and he collects all that he can and those who don't pay why they simply don't pay that's all. It is even said that the agent settled with several against whom he had claims on a compromise basis by cutting the claims, and taking what he could get.

BOYS STAY AT HOME.—We have frequently tried to impress the fact on the farmers of Washington county that the chances to make money at

home are just as good as "out West" if they would apply the same effort. Our Hillsboro correspondent says quite a number of the boys who have been out in the West trying their luck in farming are now returning home to spend the cold winter days around the fireside at home with old folks where they will be sure of three square meals each day. We heard one of them say "there is no cook like mother and no place like home." That is right and it is a little strange to us why the boys can't see that way in the spring and thus remain at home for almost everyone that does, comes out much better, that is with more money, than the boy who tries his fortune in the West.

Portrait of a Preacher.

The story of the torture of Rev. O. D. Moore, pastor of the Baptist church, of Harpersville, N. Y., will interest you. He says: I suffered agonies, because of a persistent cough, resulting from the grip. I had to sleep sitting up in bed. I tried many remedies, without relief, until I took Dr. King's New Discovery for consumption, coughs and colds, which entirely cured my cough, and saved me from consumption. A grand cure for diseased condition of throat and lungs. At C. J. Haydon's drug store; price 50c and \$1.00, guaranteed. Trial bottle free.

Bounced

Two bandits accosted Mr. W. Wall of Lebanon Ky. at Eleventh street and Broadway yesterday afternoon and made him believe that they were old friends, who had known him years ago in Marion county. They were delighted to see him, and finally, to show their appreciation of an old friend, they prevailed upon him to go to a saloon at Tenth and Green streets and get a drink.

It is the same old story. Wall was inveigled into a game, and when he produced his purse, containing \$40, one of the men grabbed it and ran from the saloon. Wall gave chase and was about to overtake the men, when he claims. Frank Barnwell, the alleged proprietor of a saloon, obstructed his pathway. It is alleged that Barnwell told him that he was a detective and threatened Wall with arrest. Wall was compelled to return to the saloon, and the two thieves got away. Wall told his troubles to Capt. Sullivan and Detective Daly and Walker were assigned to the case. They arrested Barnwell on the charge of accessory to grand larceny and detained Wall on the charge of disorderly conduct.—Herald

Crowded Thrive.

One of the most unique and striking occurrences ever heard of in connection with religious services happened in Frankfort Sunday morning at the Methodist church, where Rev. Harney was holding revival services. The preacher was explaining in his discourse how the Almighty, in teaching his children, utilized every earthly element. He showed that even the beasts of the field and the fowls of the air can be instruments of His Word. Dr. Harney declared that, there is Biblical authority for the fact

Serious Accident

Mr. Robert Sutton Suffers a Fall and is Badly Hurt

Mr. Robert F. Sutton, the popular mail clerk, who lives at this place, met with a severe accident at Lebanon on last Thursday evening which came near having serious results. Mr. Sutton was confined to the hospital for several days but is now thought to be recovering with but any serious consequences.

Parous Finding.

"For seven years," writes Geo. W. Hoffman, of Harper, Wash., "I had a bitter battle, with chronic stomach and liver trouble, but at last I won and cured my disease, by the use of Electric Bitters. I unhesitatingly recommend them to all, and do intend in the future to be without them in the house. They are certainly a wonderful medicine, to have cured such a bad case as mine." Sold under guarantee to do the same for you, by C. J. Haydon drugist, at 50c a bottle. Try them today.

Of Interest to Mothers

Thousands of little ones die every year of croup. Most of them could have been saved by a few doses of Foley's Honey and Tar, and every family with children should keep it in the house. It contains no opiates and is safe and sure. Mr. George H. Pickett, San Francisco, Cal., writes: "My baby had a dangerous attack of croup and we thought she was choked to death, but one dose of Foley's Honey and Tar relieved her at once after other remedies had failed. We are ever a minute without it in the house." For sale by Red Cross Drug Store.

ADAMS.

The Times last Saturday contained the following: Miss Pearl Adams, of Springfield, Ky., and Mr. W. B. Clark will be married in New York City this day. After the ceremony they will go on a bridal tour through the South, stopping a few days with Mr. Clark's relatives in Atlanta, January 23 and after they will be at home to their friends at their home in Indianapolis, Ind. Miss Pearl Adams is a daughter of Mr. and Mrs. W. G. Adams, of Springfield. She has been teaching school in Washington county, where she is well known. Mr. Clark is a Kentuckian, but has been in New York several years. He was recently transferred to Indianapolis by the firm with which he holds a responsible position. The courtship of the young couple dates back several years, when they attended State College, at Lexington, Ky.

RENTED.

Mr. John R. Barber, owner of the Walton Hotel has leased the property for a term of years to Mr. Woodson Moss, of Sullivan, Ind., who is to take charge when Mr. Thompson goes out about Jan. 1st. Mr. Moss was here Monday and closed the trade for the lease. He expresses himself as being highly pleased with Springfield and with the hotel property. Mr. Moss comes well recommended as a hotel man of practical experience and has been successful in the business elsewhere. His family consists of his wife and mother. Mr. Moss is a pleasant gentleman and made a good impression on the people whom he met here.

HOSE KILLED.

Mr. Ben Haydon of the Pleasant Run neighborhood lost a valuable horse through a rather peculiar accident one day last week. The horse was loose in a field bordering on a creek and was grazing near the edge of an embankment which had been undermined by muskrats. The bank suddenly caved in and the horse fell into the excavation in such a way as to break its back rendering it helpless so that it had to be destroyed. Mr. Haydon prized the horse very highly having recently refused an offer of \$200 for it.

MARRIED.

The many friends of Mr. Harry Cleaver, who for some time past has been connected with the L. & N. R. Co. at Jellico, Tenn., will be surprised to learn that he has joined the ranks of the benedictines. He was married last week to Miss Anna Ames, of Louisville, who had been visiting her sister in Jellico. He has given up his position with the railroad company and has accepted one in Chicago, where he and his bride expect to make their home—Lebanon Enterprise.

THURSDAY, DEC. 7, 1905

Our law makers at Washington are getting down to business. Both houses of Congress listened to the reading of the President's message. In the House preliminary steps were taken for appropriating the needed emergency funds for the Panama canal. A resolution of sympathy for the Russian Jews was offered and referred to a committee.

President Roosevelt yesterday sent to the Senate the nominations of George W. Long and Stephen G. Sharp to be Marshals for Kentucky, J. H. Tinsley and R. D. Hill to be District Attorneys, J. Sherman Cooper to be Collector of the Eighth district, and C. H. Berryman to be post master at Lexington.

No Case of Pneumonia on Record
 We do not know of a single instance where a cough or cold resulted in pneumonia or consumption when Foley's Honey and Tar had been taken. It cures coughs and colds perfectly, so it does not take chances with some unknown preparation which may contain opiates which cause constipation a condition that retards recovery from a cold. Ask for Foley's Honey and Tar and refuse any substitute offered. For sale by Red Cross Drug Store.

The Thanksgiving edition of the News-Leader was a dandy and highly complimented by every one, but wait until the Christmas issue comes out and it eclipses all previous issues. Now is the time to subscribe for it, you will be sure to get the paper.

In our article on the Salt River battle in the News-Leader last week we stated that Allen's men killed a man named Van Dyke old mill by the name of Murphy. It should have been Garter. I was certainly an oversight in this.

Bud Gillespie and wife, who have been visiting relatives in this vicinity have returned to their home in Harrodsburg. We heard another weather prophet, launch forth some of his prophecies, last week concerning the winter which he predicted a mild one from the fact that no wild geese and birds have passed over this fall going South. He says that numerous flocks of birds and geese have been seen going South when a cold winter is in sight. We would be glad now to hear from the goose-bone prophet. Who will give it?

Miss Mayme B. Merritt, our teacher, spent from Thursday until Sunday with her mother at Williamsburg. We are glad to report our school in a flourishing condition. The attendance is large and has held up well throughout the school and the parent as well as pupils have manifested much interest in its success.

The sale of Z. P. Leachman, Wednesday, was well attended. Abundant dinner was on the grounds for all. Auct. Campbell was in fine shape and did a good work. Stock sold well. An old mare \$35, sucking colt \$70, yearling colt \$16.25, two year old colt \$14.00, a family cow \$150, milk cows from \$18 to \$20, calf \$10, sheep \$4.00 per head, baggies from \$10 to \$20. House hold and kitchen furniture sold fairly well. Mr. Leachman and family will shortly move to Iowa.

The Growers Association has again failed as was expected by all, but the failure of this enterprise can not be attributed to the farmers not doing their duty. True they did not sign up their crop this year, but the reason was that they had responded at every call since the past two years and could think of the growers again signing up their crops this year and waiting for the movement of the Association. The Growers may after all be condemned to death by the trust. President Hawkins' drastic talk is alright, but it does not need to be thrown at the growers. They have and are now ready to do their part and all the more, but they will not contribute their money in advance to any movement with all its uncertainties of it being a go.

J. D. Sutherland and wife, William Bowles and wife, and John Inman and wife spent Sunday with the family of Evan Sales near Melvill's Heights.

Dr. J. L. Cammack the well known veterinary surgeon, of

Wardsville, spent several days here last week to practice his profession, about the first of the year. We gladly welcome the doctor in our midst and wish him much success.

It seems that most of our people spent Thanksgiving hunting instead of going to church, and from the amount of shooting throughout the entire day one would have thought that game was abundant, but their arms were just shooting to celebrate the day, for little game was in sight. It seems to us that people paid too little attention to religious services on that day and instead of celebrating it in a holy way. After enjoying the blessings of God for an entire year with our farms and granaries, bountiful with grain, the fruits of a good crop and above all enjoying good health, that in every community the people should gather to gather, if no church a school house will do and devoutly return thanks unto Almighty God the preserver of all things. Lilac.

Doctors Could Not Help Her
 "I had kidney trouble for years," writes Mrs. Raymond Conner of Shelton, Wash., "and the doctors could not help me. I tried Foley's Kidney Cure, and the very first dose gave me relief and I am now cured. I cannot say too much for Foley's Kidney Cure." It makes the diseased kidneys sound so they will eliminate the poisons from the blood. Unless they do this good health is impossible. For sale by Red Cross Drug Store.

Wardsville, spent several days here last week to practice his profession, about the first of the year. We gladly welcome the doctor in our midst and wish him much success.

It seems that most of our people spent Thanksgiving hunting instead of going to church, and from the amount of shooting throughout the entire day one would have thought that game was abundant, but their arms were just shooting to celebrate the day, for little game was in sight. It seems to us that people paid too little attention to religious services on that day and instead of celebrating it in a holy way. After enjoying the blessings of God for an entire year with our farms and granaries, bountiful with grain, the fruits of a good crop and above all enjoying good health, that in every community the people should gather to gather, if no church a school house will do and devoutly return thanks unto Almighty God the preserver of all things. In Hotel Fire

Miss Anne Virgin, of this city, who is with Boynton Concert Company, had a most thrilling experience at Barre, Vt., one night last week. The Barre News gives the following account of the affair: "After the concert the artists were invited out to a little sociable evening, some friends had arranged. Returning to the hotel, the Queen's most midnight, good night was said and the company retired only to be awakened from their peaceful slumbers by the cry of 'Fire!' 'dreadful and get out!' It happened that the house was crowded with guests, and several of the artists, and several of the company, who had lost all their heads and nerves. Mr. Beard, the solo violinist of the company, who had lost all his effects and wearing apparel in a fire at a summer last summer, endeavored with the help of Miss Virgin, the pianist, to drag the large costume trunk out. Miss Virgin is a lady from Kentucky, where they are noted for cool heads and lots of nerve. She had even taken time to do up her hair and place the side comb in it, but it would not be in keeping to say how her helper in the moving act was aided. Miss Boynton had evidently in her long experience on the road been in such straits before, for she helped Miss Beard, the soprano, to find her belongings and rescue a box of chocolates, and assured a procreant drummer who had lost his head that he had plenty of time to run back to his room and put more clothes on."—Harrodsburg Herald.

In Mad Chase

Millions rush in mad chase after health, from one extreme of faddism to another, when, if they would only eat good food, and keep their bowels regular with Dr. King's New Life Pills, their troubles would soon pass away. Prompt relief and quick cure for liver and stomach trouble, 25c at C. J. Haydon's drug store, guaranteed.

Five Cent Tobacco

Five cent tobacco is now the prediction of number of well versed tobacco men of Franklin county. They declare that the failure of the Turkey Association's effort to control the crop against the trust will have a very depressing effect upon the market.

Reporters from other sections say that farmers are rushing the stripping of their tobacco so they can sell, deliver and get their money as soon as possible, as they believe that the tobacco trust, which the growers' company was fighting, will tighten the screws on them and put the prices down on a low figure.

Tobacco men say that if the growers' movement had succeeded they would have secured at least twelve cents per pound for their crop. The collapse of the association will cost the White Sulphur growers many hundreds of thousands of dollars, and so far as this season is concerned, it is very likely that the farmers are through with associations to fight the trust. This is the second time that they have seen their oak become a cough.—Ky. Journal.

Giant Rogent

W. O. Campbell, who carries a mail between Perryville and Mackville, was awakened at a late hour Tuesday night by the squawking of his cats and dogs which seemed to be in unaccountable distress. He rushed to the scene of the apparent trouble and found his two favorite, big black fellows stretched out upon the cold ground, devoid of the nine lives with which the cat tribe is blessed. His big shepherd dog was wrestling with an ugly looking varmint and appeared to be on the verge of collapse. Mr. Campbell grabbed a convenient club and landed the unpleasant and pugilistic visitor a swift lick on the head, felling him to the ground. It proved to be the biggest rat ever seen in Central Kentucky, and weighed seventeen pounds. Mr. Campbell's dog has frequently succeeded in mauling a half dozen cats at a time but the rodent came very nearly putting him out of business. He believed that the rat had killed sheep in the community as bitter complaint has gone up from those who attribute the trouble to dogs.—Danville News.

A Fearful Fate

It is a fearful fate to have to endure the terrible tortures of Piles. "I can truthfully say," writes Harry (Colson, of Masonville, Ia., "that for Blind, Bleeding, Itching and Protruding Piles Bucklen's Arnica Salve, is the best cure made." Also best for cuts, burns and injuries, 25c at C. J. Haydon's drug store.

U. S. Deputies Will Retire

Walter Blackburn, chief clerk at the office of United States Marshal Addison D. James, in Louisville, will not resign, but will retire from office when the commission of his chief expires, on December 17. January 1, Mr. Blackburn will become Judge of Crittenden County, Ky.

The day Marshal James goes out of office the commissions of

The above picture of the man and fish is the trade mark of Scott's Emulsion, and is the synonym for strength and purity. It is sold in almost all the civilized countries of the globe. If the cod fish became extinct it would be a world-wide calamity, because the oil that comes from its liver surpasses all other fats in nourishing and life-giving properties. Thirty years ago the proprietors of Scott's Emulsion found a way of preparing cod liver oil so that everyone can take it and get the full value of the oil without the objectionable taste. Scott's Emulsion is the best thing in the world for weak, backward children, thin, delicate people, and all conditions of wasting and lost strength.

Damage Suit

Friday a suit was filed in the Circuit Court by Earl T. Woodford against H. B. Scrivener and Sheriff Woodson McCord for \$10,000 damages. Charles J. Bronston of Lexington, as attorney for Mr. Woodford, brought the suit. It alleges that Scrivener assaulted and beat the plaintiff with his fists and a buggy whip and that McCord was present, aiding, abetting and assisting Scrivener to do it. This suit is the outcome of a difficulty between Scavenger and Woodford is alleged to have used over the telephone Mrs. Scrivener.—Lexington Observer.

ONLY GUARANTEED
CATARRH CURE.

"Hymen! Costs You Nothing If It Falls," Says The Red Cross Drug Store.

Among the many medicines upon the market that claim to cure catarrh none put Hymen has enough faith in its own merit to offer to refund the money if it does not cure.

Hymen is the only method of treatment that sends by direct inhalation to the mucous membrane of the air passages, a balsamic air that destroys all catarrhal germs in the breathing organs, enriches and purifies the blood with additional ozone and makes permanent and complete cures of catarrh.

The complete outfit costs \$4.00, and comprises an inhaler, a bottle of Hymen and a dropper. The inhaler will last a lifetime, and additional bottles of Hymen can be obtained for 50 cents.

Breathe Hymen for a few minutes four times a day, and your catarrh will grow better from the first day's use, and will be completely cured while a short time.

It is the only treatment for catarrh where you can get your money back from a local dealer. The Red Cross Drugstore, in case it does not help.

Commissioner's Sale.

Mrs. Belle F. Myers & P. H. vs. Equity

Mrs. Fannie B. Ray & Co., Dfs. By virtue of a Judgment and order of sale of the Washington circuit court rendered at the October term thereof, 1905, in the above styled cause, I shall proceed to offer for sale on the premises

SATURDAY, DECEMBER 9, at 1:30 o'clock p.m., or thereabouts, to the highest bidder in public sale upon a credit of 1, 2 and 3 years, the following described property to-wit:

A certain tract of land situated in Washington county, Ky., about one mile from Simms and one and one-half miles from Texas and containing about 90 acres of improved land and 12 acres of woodland, and a two-story brick house, telephone connections, on a rural free delivery mail route. Good blue grass land, well wooded, and well cultivated and when worn is easily restored, good barn and out-buildings, well watered, stock water in abundance, a well at never failing spring in the yard. This place is of the best character of Washington county land.

For the purchase price the purchaser or purchasers with approved security or sureties can execute bonds bearing legal interest from date of sale until paid and having the force and effect of a Judgment. Bidders are required to comply promptly with these terms.

Studying Nature.

The thing to aim at in studying the beauties of nature, as is the case with artistic pleasure, is the perception of quality, of small effects. Many of the people who believe themselves to have an appreciation of natural scenery, suppose to be experts on a sensational scale. They can derive a certain pleasure from wide prospects of starting beauty, rugged mountains, steep gorges, great falls of water—all the things that are supposed to be picturesque. But, though this is all very well as far as it goes, it is a very elementary kind of thing. The perception of which I speak is a perception which is not to be had in the most picturesque scene in the shortest stroll, even in a momentary glance from a window. The things that are to be seen are little details of light and color, little effects of change, grouping, the transfiguration of some well known and even commonplace object, such as is produced in the sunlight, the perspective of the trees that peer over some suburban garden wall or the effect of a sunset on a pool or flower—Corral.

Why the Horse Needs the Doctor. An interesting report regarding the development of the muscular system of horses was made by a committee of the American Association of Veterinarians at their annual meeting.

The report says: "The investigations as to the muscular system of horses have shown that such system is very poorly developed in these animals. It has been proved beyond doubt that horses have no notion whatever of keeping time in a series of 5000 changes rung upon a chime, no change occurring more than once."—New York Press.

Science of Bell Ringers. It was Sunday morning, and the bell ringer had just finished ringing the chimes that called the gossips to church.

"Bell ringing is a science. Did you know that?" "Yes, I know that," replied the gossips, and there are abundance of technical terms in it, like 'Kest' (treble bell), 'Stedding' (singles), 'Shout' (court bell), 'Mogges' (note) and 'Sting' (each of these terms defines a certain phase of the kind of bell ringing. In England there is a society, the Central Council of Bell Ringers, that every campanologist desires ardently to belong to. My friend, you think bell ringing is simple? Do you know what a peal is? A peal in ringing's parlance is a series of 5000 changes rung upon a chime, no change occurring more than once."—New York Press.

Children's Names in England. The vicar of Membury, Dorsetshire, writes in his latest magazine "A hand-drawn and thirty-eight baptisms, and he has not yet had a 'Sarah Jane' that delighted, old fashioned name."

Amused, as he said, by the vicar's said, a parishioner replies to the vicar, saying the reason is not far to seek. The custom of the parents residing in those parts is to consult with their incumbent regarding the choice of the names for the offspring.

The natural consequence is that all children born on a saint's day are called after the saint. Thus a girl born on St. George's day would be christened Georgiana and one on St. Clement's day Clementina, and so on.—London Express.
